PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience in React.js, Django, Spring Boot, and Flask. Proficient in designing responsive frontends and react-native, with a strong foundation in Python and JavaScript. Passionate about writing, efficient, maintainable code and finding impactful software solutions..

EXPERIENCE

DeccanLogic

Pune, India

Associate Software Developer

Mar 2025 – Present

- Developing and maintaining **responsive frontend interfaces** using React.js and React Native, delivering seamless user experiences across web and mobile platforms.
- Implementing **component-driven architecture** in React.js with reusable UI components, improving code modularity.
- Optimizing application performance through **lazy loading**, **code splitting**, and efficient state management using Redux.

ACADEMIC PROJECTS

Crime Reporting System

React JS, Spring Boot, MySQL, AWS

1 Month

- Built a **full-stack web platform** enabling citizens to report crimes online, featuring role-based access control for Citizens, Police, and Admins.
- Developed the frontend with **React.js and Bootstrap** for a modern, responsive UI.
- Implemented secure backend with **Spring Boot REST API**, JWT authentication, OTP-based login, and MySQL normalized database; integrated AWS S3 for evidence storage.

Money Mentor

Python, Django, React.js, Electron.js, MySQL

6 Months

- Designed a **cross-platform desktop money management app** using Electron.js + React.js frontend and Django REST Framework backend.
- Deployed backend on GoDaddy shared hosting and packaged app for production using **Electron Builder**; used MySQL for secure financial data storage.

BookBroker

Django, React.js, MySQL

3 Months

- Developed a **fully API-driven e-commerce platform** for book selling using Django REST Framework (backend) and React.js with Bootstrap (frontend).
- Integrated **Razorpay payment gateway** for secure transactions; managed user data, orders, and inventory via MySQL database deployed on GoDaddy shared hosting.

SKILLS

Languages: Python, JavaScript, Java, C, C++

Frontend: React.js, React Native, HTML, CSS, Bootstrap

Backend & Frameworks: Django, Flask, Spring Boot

Databases: MySQL

Tools & Others: Git, Docker, AWS, Electron.js, Redux, JWT, Linux

Concepts: OOP, Data Structures & Algorithms, Microservices

EDUCATION

Government Engineering College, Aurangabad
2022

Aug 2018 – June

BTech in Information Technology

69.89%

C-DAC ACTS, Pune

Aug 2024 – Feb 2025

PG-DAC (Post Graduate Diploma in Advanced Computing)

CERTIFICATIONS & ACHIEVEMENTS

- Sunbeam Hackathon — Winner/Participant
- SVP CET CE Virtual Hackathon 2020 — Participant
- Technical Event Wings 2020
- Full Stack Development with Python Django — RegEx Software Services
- Launched **myntome.com** (Aug 2020) — an online footwear e-commerce store, independently developed and deployed with a friend.
- Freelance Full-Stack Developer — built websites and Android apps using React Native.
